

## GET INVOLVED, GET READY TO VOTE!

The **Coalition of Asheville Neighborhoods** has collaborated with Bailey Stockwell of **East Asheville for Safety and Truth** in interviewing office candidates running in the May 17th primary. Twenty-one of the 32 candidates consented or were able to be interviewed. None of the candidates had access to the questions before the interview, so viewers are better able to judge how well the candidates are prepared to deal with the issues confronting Asheville and Buncombe County.

The interviews are on YouTube. To access them, click on the following link: [Videos](#)

Here is a chance for voters to view many of the candidate “unembellished.” If you scroll down below the individual interview and you can “Like” it and/or share, both of which we hope you will do. By sharing you can get this important candidate information out to your friends and contacts about those running in what may be the most important local election in Asheville’s history.

If you wish to subscribe, click on East Asheville for Safety and Truth on the lower left side of the screen and click on subscribe and you will be notified when additional interviews are added.

Brought to you by the CAN Election Information Committee: Mike Lewis, Barber Melton, Kathy Kyle, Tom Foran
